

R-DMUCH

Institute of Disaster Mitigation for Urban Cultural Heritage, Ritsumeikan University, Kyoto Japan

Guideline for Applications:

UNESCO Chair Programme on Cultural Heritage and Risk Management, International Training Course (ITC) on Disaster Risk Management of Cultural Heritage 2017, 12th year, Ritsumeikan University

Dates: 28th August to 16th September, 2017

Place: Kyoto, Kobe, Kumano (Japan)

Organized by Institute of Disaster Mitigation for Urban Cultural Heritage, Ritsumeikan University

In cooperation with UNESCO, ICCROM, ICOMOS/ICORP

Supported by the Japanese National Institutes for Cultural Heritage

Criteria for Selecting the Participants for 2017

The participants for the course would be selected on the basis of following criteria:

- ✓ **Number of Participants:** Total number of 13 participants at maximum would be selected for this course, which would include half number of participants from disaster management or relevant fields and the other half from cultural heritage conservation field.
- ✓ The course organizers shall bear basic necessary costs for the participation of selected participants from developing countries.
For list of developing countries please visit the following link;
<http://www.oecd.org/dac/stats/documentupload/DAC%20List%20of%20ODA%20Recipients%202014%20final.pdf>
- ✓ Participants from developed countries may also be accepted for the course provided they are selected through general application process and agree to cover their own costs for attending the course. Please refer course costs for details.
- ✓ **Efficiency in training Implementation:** It is expected that the participants from the cultural heritage field as well as disaster management field would work together during the course.
- ✓ **Case Study Site:** Each participant will select one case study site in his or her own country. The cultural heritage site should be vulnerable to one or more natural hazards such as earthquake and/or fire and/or flood and/or landslide.
- ✓ **Multiplying effect:** It would be preferable if the participant is attached to a cultural heritage or disaster management department/organization/university, through which knowledge gained during the course can be disseminated at local/national or regional level.

Working language

The working language of the course will be English. Proficiency in the written and spoken English is an essential prerequisite for participation.
